- ☐ HEAT- AND SOUND INSULATION AT THE HIGHEST LEVEL
- ☐ INFINITE PROFILE COMBINATIONS FOR VARIOUS CONNECTIONS
- ☐ CAN BE COMBINED WITH WOOD, WOOD/ALUMINUM, ALUMINUM, PLASTIC, PLASTIC/ALUMINUM, STEEL, ETC.
- ☐ CAN ALSO BE MADE IN A CURVED SHAPE

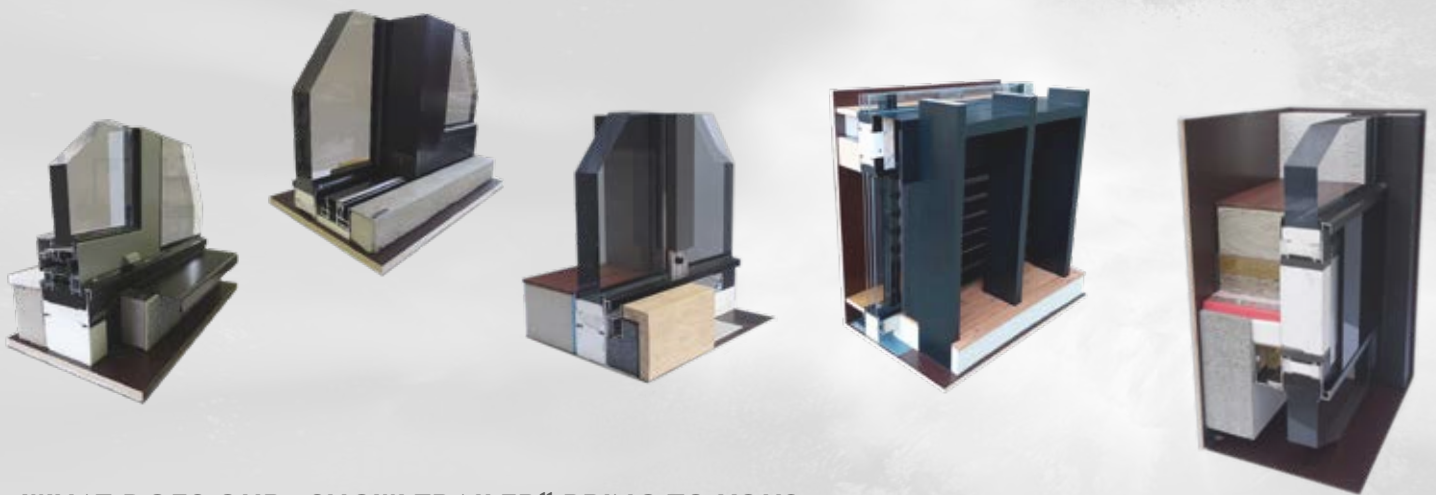

PANORAMIC GLAZING AT THE HIGHEST LEVEL
WE SHOW YOU WHAT IS POSSIBLE

**We bring you the solution for demanding glazing systems and present „outdoor“
- directly in front of your door!**

**According to the motto:
„present - discuss - profit“**

WHAT DOES OUR „SHOW TRAILER“ BRING TO YOU?

- ☐ „GS-frame®“ samples, which show you all the connection options to window-, door-, facade- and floor elements.

WHAT DO YOU GET OUT OF IT?

- ☐ A very relaxing and nice change for you and your team.
- ☐ Personal demonstration with practical applications.
- ☐ The opportunity to convince yourself directly of the advantages and the easy processing of our CE-certified and frequently tested „GS-frame®“ profile system.
- ☐ Joint exchange, assistance and solution finding for upcoming projects.
- ☐ Take advantage of our years of experience as metal building designers, we are happy to help!

WHAT WE NEED?

- ☐ Your invitation and about an hour of your time.
- ☐ Some space to maneuver, 😊 our show truck is 14m long and 4m high.

We look forward to receiving your appointment request at: office@gs-tech.eu
